Community College Requirement for Disqualified Students

Many students must complete one year of full-time UC-transferable course work (two semesters or three quarters) at a community college. You must earn at least a "B" average, with no grades lower than "C", in courses that will meet Revelle General Education Requirements, and/or prerequisites to your proposed major.

UC-transferable Courses - please refer to assist.org. You can make an appointment with a Revelle Academic Counselor to develop your plan by calling 858-534-3490.

Financial Aid Recipients - If you are (or will be) a Financial Aid recipient, check the dates to apply for Financial Aid for the quarter in which you plan to return.
