

PEER REVIEW

Revelle Academic Advising

November 2014

Purpose

The peer review is created by Revelle's very own Peer Advisors. Our mission is to provide students with helpful tips and resources so that they may be successful in their academic careers. This is a great way to learn about some tips on fun courses to enroll in, cool places to visit, and interactive professors to take. New issues are released each quarter with updates and opportunities in Revelle Advising.

2014-2015 Peer Advisors are here to:

- Provide walk-in and virtual academic advising to Revelle College students
- Help students with course selection, enrollment questions, exploring majors, and accessing UCSD resources
- Create, plan, and implement advising programs and workshops

Q: Where can I get extra help with my courses?

A: Office of Academic Support and Instructional Services (OASIS), located in Center Hall, provides free tutoring in math, science, language, and writing; for more help with writing you can also visit the Writing Center located in 127 Mandeville.

Q: Where can I study on campus?

A: UC San Diego has two libraries that make for an excellent study space, Geisel Library, and Biomedical Library. Additionally, Revelle College has its very own study space with an active room and quiet room, Galbraith Hall.

Meet Your Peer Advisors!

Cyrus Steele, Michelle Shin, Soren Nelson, Holly Bajinauth, Andrew Trinidad

Welcome to the team Andrew and Michelle!

"A ship is always safe at the shore- but that is Not what it is built for."
-Albert Einstein
