Jack Albright

Our resident photographer, Jack, not only get his kicks from shooting landscapes--he also can be found hitting the soccer field in his spare time. One of his most memorable moments is when he fell into a cactus, but he's survived the encounter and come up on top. Jack had the shrimp burrito at Sayulita's.

Ryan Lee

When he's let outside of his lab work at Rady, Ryan can be found throwing around a few frisbees as the captain of the UCSD Ultimate team. Other than his work as ROC Chair on Revelle College Council, you can catch him hiking, camping, and snorkeling all around La Jolla. Ryan had the fries without meat.

Brody Patterson

As a returning Peer Advisor, Brody keeps busy with his involvement in the UCSD Native American Student Alliance, and as a rising star in french toast making. Outside of the kitchen and the office, Brody can be found dribbling away on the basketball court. He tucked into a fajita burrito at Salyulita's.

Stephanie Pineda

Stephanie is a student volunteer at Thornton Hospital, and loves both frozen yogurt and going to Disneyland. One interesting thing about her is that she has a twin brother. In addition to being a member of the club field hockey team, she's also involved in MAPs. At Sayulita's, she ordered the chipotle fries.

Alexandra Vargas

Alex is a returning Peer Advisor, and also works as a First Year Experience Discussion Leader and a BILD4 IA. When she's not in the classroom, you can catch her managing blogs for Saltman Quarterly, painting, doing yoga, or watching Bob's Burgers. She ordered the trio of mini Pollo Asado tacos.

Cheryl Wang

When she's not dancing as a captain of Sleepless Collective, Cheryl is hard at work as the VP of KASA. Outside of her leadership obligations, you can find Cheryl enjoying gelato, tsumtsums, or at Disneyland. To her, Spotify is the best thing since sliced bread. Cheryl got the Pacman Fries.

GETTING THE 'GRAM

Sayulita's

If you're heading on over to Sayulita's, you better go hungry. This spot is known across platforms for their fusion Filipino-Mexican creations, which integrate ingredients like tocino and lumpia into mountains of fries and massive burritos.

There's also traditional and more contemporary options like huevos con jamon, or albondigas soup. Chips are complimentary and you can help yourself to a variety of salsas at the front of the establishment. Along with some traditional horchata and piña, the peers dug into a good mix of burritos, tacos, and fries. If you're there for quick, decent food with large proportions, you're set for Sayulita's.
