i. Revelle Banners:

- * Initial work order put in with Graphics Studios - but we decided that it would be easier if they started work once we had finalized the content and size of the banners.
- * Send me ANY ideas you have on the following:
- * THEMES: Current theme ideas are the following:
- * Inspiring/Deep quotes from the HUM series. We already have 5 from the original banners (trying to locate them). What are your favourite HUM quotes? Email arvind@ucsd.edu
- * Roger Revelle Factoids/Quotes - compiled during the 40th anniversary (again trying to locate these). Have any Roger Revelle factoids? Email me!
- * Revelle Traditions/Landmarks - Watermelon Drop, The Anchor, Stonehenge, the Fountain, Revelle Plaza. Purpose/Truth/Vision.
- * DESIGN: I asked Graphics Studios to design banners that are minimalist (the banners that would feature text, I asked to keep white with navy blue text and a gold stripe along the bottom with "Revelle College" and the logo). These text banners would be on one side of the pole and on the other side would be the Revelle Traditions/Landmarks again staying minimalist/watermarked to lessen the noise.

ii. The Koala. A.S. Council is currently split on what to do about the Koala - A.S.

President proposed spending \$1400 on a "No Koala" campaign but it did not get approved by council. On one side we have their right of free speech (and the "grey issue" of the "legality" of what they are printing which is currently being investigated by Student Legal Services) and on the other we have the issue of building community at UCSD. Thoughts?

B. **Chairperson** [Tammy Weng]

- Reading time
- Vice Chancellor of Student Affairs Penny Rue- November 3rd- I need those questions!
- One on ones are going very well! Please note your time in the email. I will not be sending daily reminders! I generally ask for what you're concerned with (what to program, what your constituents are concerned with) and how you plan on working on that concern. If you're not sure it's fine! It's why we meet! We can brainstorm!
- Please note what action items you signed up for. We will be appointing a lead person for every action item in new business. They will be in charge of making sure this action item is completed and that those who have also signed up for the item are contributing to the progression and completion of the item. The point person is in no form the one

doing the majority of the work. It is their responsibility to report back to RCC about the progress and perhaps the ones sending out the Doodles. It is the responsibility of those who signed up for the item to significantly contribute to completing the item.

- For those of you not at the retreat, please send up 2-3 action items from the attached goals list that you would like to contribute to.

- We talked about getting non-Revelle administration to speak during RCC - suggestions?

- v How much does each student pay for Registration Fees each quarter? \$300

- Weekly Chairs' Meetings report

- v If you want to meet your counterparts in other college councils, or want to come to the Chair's Meeting to ask about how other councils operate, talk to Tammy!

- Notepassing- while it's understandable that you may have questions for someone that can be easier answered via a quick note, please discreetly pass notes along the table- not across. Make it as least distracting as possible please! All notes passed in RCC should have only RCC related matters. We will not be spot checking the notes, please use the honor system!

 - If this referendum does not pass, services will be cut or drastically reduced, starting with Nobel and Arriba (less frequency), some MTS lines would be cut.
 - Faculty and Staff will not be getting bus sticker starting next year, and P&TS is just looking at options for students to contribute (costs \$7 million to run, students would be paying about \$1.5 million.

- **Grad Committee** - \$56.75 for senior mixer and elections. Finance recommended to fund \$50. Motion to fund Grad Committee \$70.94. Second. Objection. Call to question. [15-0-0]. Motion passes [10-1-3].
- **The Blue form game**

B. Chairperson [Tammy Weng]

- Reading time
- **Scratch paper drive!** - bring in any scratch paper you have at home so we can be even more green than we already are.
- Vice Chancellor of Student Affairs Penny Rue- November 3rd- I need those questions! Please wear your polos and name tags **next week!**
- Please note what action items you signed up for. You should be working on these!
- Absences- I will be tallying these and adhering to the Constitution and By-laws. The only exception is if you have class. I know we're here for school and it is a priority, however each and every one of you has made a commitment to the Revelle Student Body as well as to your fellow council members.
- Please give feedback on the proposed questions of revised Blue Form questions. The committee will be meeting again towards the end of this week to propose explicit guidelines and how to use these questions. We will not be discussing these questions during council today. Please send any comments or opinions to me! Committee will meet again on Friday at 9am to discuss.
- Random UCSD fact
- Weekly Chairs' Meetings report
 - v SunGod: May 14th, 2009. After discussing it with other chairs we felt that it would be best to try and two colleges' events at the same time. (ex: Revelle and Muir would join forces). The event would be shorter but would try to draw students to different parts of campus in the morning. Nothing would happen in the afternoon. Suggestions? Comments?
 - v Counterparts: If you have any questions and want to get the opinion of 5 other marvelous Chairs/Presidents and an AVP let me know! We really like having visitors and we all have a different take on things!
 - v **All College Council Mixer November 12th. 7:45pm at PC East Ballroom.** You must let me know by the end of this week if you cannot make it. While attendance is not mandatory, we need to know how many people are going. This is THE perfect time to get to know your counterparts and to talk to other college

councils. Believe it or not we all do things very differently!!! Wear your polo and your nametag!

D. Associated Students Revelle College Senators

- [Arvind Satyanarayan]

- v SunGod: May 14th, 2009

- As per Utsav's campaign promises, investigating ways to make Sun God permeate all of campus

- An idea to model Disneyland with each college being a separate "land" with some sort of activities planned by the college council + college orgs and a giant map. Is this something we're interested in?

- v Parking & Transportation Referendum

- Because of a large increase in ridership, P&T is looking to run a fee referendum through AS to add a transportation fee which would start at \$20 / qtr for the first year, increasing by \$5 / yr until it hits \$40 in '14-'15.

- All other UCs charge a transportation fee, 33% back to aid.

- MTS prices expected to rise (was 86c, increased to \$1.16 and proposed increase to \$1.25). Little we can do about this.

- A per-user/use fee would be 4-5x more expensive => fewer people using the public transport => 1100 more cars => 1200T of more pollution

- v Revelle Banners:

- Thanks to Assistant Resident Dean Janice Lew Santos for helping me take photos of the Revelle Landmarks. All content has been submitted to AS Graphics Studios so they can begin designing. Expect something in 2-3 weeks!

- [Jaclyn Storey]

- v Project of Visibility: I have updates about the tabling experiment. I am going to need help next time! This is the perfect time to talk to your constituents and figure out what THEY want. I truly need RCC's help on this, sign up for a time :)

- v A.S media rules committee: We need to decide if this is truly needed.

E. Speaker of the Assembly [Erika Morgan]

- Have six new RCA representatives!

F. Director of Communications [Jennifer Uren]

- RCC Article in Revelations

Talked to Ryann (co-chair of Revelations) about adding a RCC Article to each issue of Revelations. They are hoping to begin publishing bi-quarterly in Winter, so it would be 2 articles each quarter.

- Do we want an RCC Article?

- If so... ideas for content? Do we want just a straight report of what we're doing, or do we want to open it up to other aspects - member bios, position descriptions, a greater explanation of how RCC works/what we do, etc? I'd love to get your input!

D. Associated Students Revelle College Senators

- [Arvind Satyanarayan]

- v I met with graphics studios yesterday and we discussed:

- Big Logo Up Top - we're trying a fade to make it more subtle and less in your face. We're also trying to add titles to all the banners for consistence.
 - Landmarks - I guess there was miscommunication. The photos in these banners will take up the majority (2/3) of the banner and the text will be moved further down. This might be...interesting... in terms of the symmetry/balance when we have banners next to each other.
 - Experiment with the font and the case of the actual text. When we played around with it for a bit, we found that changing it to normal sentence case made it look weird because of the uppercase banner titles and the bottom Revelle College stripe.

- v [Jaclyn Storey]

E. Speaker of the Assembly [Erika Morgan]

 - √ How the retreat was
 - √ How you first felt when you got on council, have those feelings changed?
 - √ Very brief outline of what you want to do next quarter
 - √ If you were to do it all again, what would you do differently - would you do anything differently?
- Chair's Meeting
 - √ College Council Visibility : With all 6 colleges pretty much on the same page behind a visibility campaign, we are asking for 1 point person from our college council to head up this project. The first meeting will be this coming Monday, 10pm on the 4th floor of Price Center East (AS Offices). You will get a chance to talk to the

other chairs and presidents before working with counterparts from the other five colleges to plan a visibility campaign. Any takers?

- Meeting on the Plaza Recap

- Secret Buddy
- Secret Snowflakes
 - √ Email Carlos 5 things you would want to receive (valued at \$10 or less) TONIGHT
 - √ Please have your gift ready for our 10th week meeting

D. Associated Students Revelle College Senators

- [Arvind Satyanarayan]
 - √ Revelle Banner presentation
 - √ The Loft Fee Referendum:
 - Basics:
 - i. \$4.47. \$3.82 if Grad Student Association approves it (which they most probably will).
 - ii. Both UCAB and AS must approve the Loft's budget (with regards to this fee) every year
 - iii. Every quarter, the Loft will be expected to make a budget presentation to UCAB
 - iv. At any point, UCAB can reduce/eliminate this fee completely
 - v. AS Concerts & Events are guaranteed one night per week (Friday/Saturday priority) which they can choose to use
 - vi. The Loft needs to partner with student orgs for at least 20% of their events. Student orgs will not be charged any rental fees associated with programming at The Loft.
 - vii. After this fee, 80% of Loft events must be free (i.e. non-ticketed/pay-as-you-can)
 - Need?
 - i. Attendance:
 - a. Fall and Winter: 4.5k undergrads + 2.5k non-affiliates (including grad students).
 - b. Spring: 4k undergrads + 2k non-affiliates
 - ii. Currently 5-6 shows per week which is ~ 80% of target
 - iii. W/o referendum, 6-8 "free" shows per quarter
 - iv. Profit Sharing w/Zanzibar ~ \$50,000 (9.3%)
 - v. Clause in referendum to prevent administration from cutting funding from RegFee or University Centers
 - √ COUNCIL'S CONSENSUS

- Would prefer [a] the committee's recommendation model (UCAB supervision of the Loft), and [b] that the referendum ran in Spring rather than in Winter, with the stipulation that if it ran and failed, they would need to wait 1 year before running it again.

- Revelle Festival - Friday, February 19th - SAVE THE DATE!!
- In the process of booking an artist for the festival, will wait to address more funding until artist is booked and stage/system is finalized.

D. **Enterprise Committee** [Sarah Sangar]

- We need to discuss the problem with the Provost Funding. The provost used to pay for the employees/managers for the previous years, which added up to approximately \$12k a year. He will not be paying after this year so we need to find a good way to find a way to pay for the employees. Either that, or try to set up a way that we only have the minimal amount of employees. A few of my ideas would be:

- v Not to sell any sundry items and stick with selling clothes and birthday grams, etc. Any suggestions?
- v Tammy also told me that our Enterprise does not HAVE to be in the Why Not Here? Lounge. I personally like the WNHL and I feel like we can find a way to maximize profit and also use it has a game place/study lounge. What do you guys think? If not the WNHL, where else would it be?
- v Have volunteers at the WNHL. But we need one manager that can handle most of the work. This will lessen the employee costs. Is this a good idea?
- v T-Shirt designs. My committee and I have discussed starting our own 'clothing line' since Revelle Wear doesn't have the greatest designs and are outdated. This way we can have more spirit and Revelle students will actually buy clothing.

E. **Appointments Committee** [Carlos Molina]

- Move to appoint Kelli Michel to the UCAB Position. Second. Objection. Motion passes [9-3-0].

F. **Rules Committee** [Tammy Weng]

- We've met and we are starting to review by laws and constitutions. More to follow in Winter Quarter

G. Elections Committee [vacant]

H. Campus-Wide Representatives

- Registration Fee Committee - last year, Reg Fee reviewed every department that they fund, and recommended funding priorities. This year, Reg Fee is still reviewing every department, but also looking at admissions to see where we can consolidate. Looking at scenarios if large core organizations were cut 10-20-30%, and 30-40-50% for smaller departments.

Consolidating Informational Resources

Here are some proposed changes from that group:

- Infolink - remains as is, responsibility of the Director of Communications
- Google Calendar on Revelle Website - since most ROC events are sent through Infolink, the Student Orgs part of the calendar would be tied to the revelleinfolink@gmail account. The DOC could then just update the calendar as Infolink blurbs came in.
- Events@Revelle - remains as is in execution, but responsibility for maintenance would be a collaboration between the RA Ex Officio and the DOC to make sure that both ROC and RA events were posted in a timely manner.
- Facebook group - new idea for how to use it differently Instead of a Facebook Group, we can change it to a Facebook Fanpage. With the Fanpage, we can still post announcements about RCC events, available applications, etc. However, the Fanpage has the added bonus of a Notes function that the Group does not. In keeping with visibility and soliciting student feedback, instead of just asking for their concerns, we can also give them something to comment on. At the end of each meeting, the DOC can post a short recap of major topics that were touched on during the meeting. Then, there can be a link to a Note, containing more information on the background and details about those topics. Students then can post comments on the quick status updates, and then, via the Notes, have a forum to learn more, and engage in more in-depth discussion if they want to ask questions or want more information.

Feedback on everything? Suggestions? Concerns?

G. Class Representatives

- **Senior Class Representative [Brian Nuyen]**

- v Getting good feedback and questions from Next Step participants

- **Junior Class Representative [Vedika Narayanan]**

- **Sophomore Class Representative [Charlie Chai]**

- v The Unity Project is coming along fine now and the date is going to be set on the Thursday of 3rd week (most likely sometime during the evening). At the moment, it looks like Outback climbing center can take on 40 people at a time. The time slot that I'll be renting out will be for 2 hours at a rate of \$170 for the first 10 people and then \$8 per additional head. With 40 people, that comes out to \$410. However, since we are a UCSD group, we get a 10% discount which puts the final number at \$369.

- v Questions:

*Is 40 people too much, too little? If need be, Outback is willing to accommodate more people but a rotation will be implemented.

*Should we have students foot a portion of the ticket price? The current price per head is \$9.23.

- v The off-campus housing tour project is going fine. I'm making booklets/pamphlets for students to take on the housing tour with information they'll need for future off-campus living.

- Please sign up and WRITE DOWN when you're bringing snacks.

D. Associated Students Revelle College Senators

- [Arvind Satyanarayan]
 - ✓ The Grove is officially reopening on 1/19. There will be a flood of new marketing the week of/before! Look out for it!
 - ✓ AS is considering creating a voluntary \$5-\$10 fee:
 - Think of it like the CALPIRG/iPledge donation
 - Currently, AS is a department of the university. This has perks (free electricity, internet, access to HR/finances/etc.). It also has some disadvantages (tied to the university and administrative interests).
 - Creating this voluntary fee would allow AS to set up an independent auxiliary non-profit that would exist outside of the university structure and would allow AS to pursue things such as off-campus housing/enterprises, a greek row, non-UC legal support etc.
 - Many of the other UCs have similar auxiliaries but set up differently. E.g. Berkeley, the AS is the independent, while the auxiliary is within the university structure. This has many problems, in particular getting their activity fee from the university administration.
 - I will be serving on the committee to determine feasibility/logistics.
 - ✓ Banner designs should be done by next week from Graphics Studio.
- [Jaclyn Storey]

F. Director of Communications [Jennifer Uren]

- RCC article for Revellations

v I submitted the first RCC article for Revellations' first issue this quarter. Since both RCC and the college councils as a whole have been working on visibility, communication, and reaching out to students, I focused my article around a few of the programs that RCC is involved with, specifically our AS Senator Office Hours, the Freshman Council Office Hours, and then briefly mentioning the upcoming Visibility Campaign with the other councils. Revellations should be coming out within the next 2 weeks.

v Since they're going bi-quarterly, any suggestions or ideas for the 2nd article of the quarter?

- Elections, Spirit Night.

- Facebook Fan page

v I wanted to get feedback on possibly adding a condensed version of Infolink to the Fanpage. Muir College does something similar with Muir Woods, their Infolink equivalent, although the way they format it makes it really difficult to read.

However, with better formatting, I think it would be as easy to read as Infolink

v Pros: The program we use to put together infolink is a really difficult program to use - lots of bugs, limited ability to change formatting, etc. In addition, I feel like Infolink has become so saturated with org meeting times, and random all-campus events that even if people would read it for the few events happening this week, the sheer length of infolink is intimidating. If we start a "Revelle This Week" post on the Facebook page, we can include JUST the events and any major Revelle opportunities. Less saturated, easier to use, and it would generally look about the same, or a little bit cleaner.

v Cons: It wouldn't have as much reach - even though many people don't read Infolink, it is emailed to every Revelle student. There's no way we would be able to get every Revelle student to become a fan of RCC on Facebook every year, and so people would slip through the cracks if we use that as a major source of posting event information. Given that, would it be overkill to even have a mini-Infolink version?

- [Arvind Satyanarayan]
 - Loft Referendum passed in AS, but was failed in GSA. It will now go back to AS to be re-discussed.
 - UCSD Football Referendum - will probably not happen THIS year; UCSD Athletics is considering making the jump to Division I next year, but is willing to work with AS to hire a consultant to discuss all options

P&T claims that if referendum does not pass, Arriba will reduce from 5 to 3, Nobel from 2 to 1, no weekend, Mesa from 2-1, Med Center 2 shuttles through day. MTS question was unanswered. Referendum will not come to AS for another two weeks.

- Visibility Sign Up List will be sent out this week - if you haven't signed up for a time, email back with times you can help out.

C. Vice-Chairperson [Carlos Molina]

- Quirky fact
- Secret Buddy
- Mixer for Revelle Leadership?

D. Associated Students Revelle College Senators

- [Arvind Satyanarayan]
 - v Parking & Transportation Referendum - was postponed last week, will come up again. Legit Committee on Transportation met on Saturday and we came up with a student-majority ridership board (called the Public Transportation Ridership Board - PTRB) that would work in conjunction with the Transportation Policy Committee (TPC) in order to approve changes to public transport that this fee would touch. Thus, if the TPC proposed something, it would need to be also approved by the PTRB before it can officially be recommended to the department. The hope is this will be a bi-directional process - i.e. the PTRB can make route change proposals for approval by the TPC and a recommendation to the TPS.
 - v The Loft - failed twice on AS council last week, both times by a margin of 1-2 votes. Some people changed their votes in protest of the process and/or because of how many times it's coming up. It's going to be re-proposed to GSA yesterday, I'll probably have an update to you as you're reading this! If GSA fails it again, we're going to bring it up in New Business tomorrow as a last ditch attempt to get student voices heard.
 - v Rec Fee - the Recreation dept. did a brief presentation to council. The big take-away was that the fee will not be expiring until 2013.
 - v John Ehrhart, Biological Sciences Senator was impeached.

- v AS Funding College-Based orgs - Last week in finance committee approved funding of the Muir Musical, thus setting a new precedent. For college based orgs that register as an all campus CSI org (and any college based org can do that, it only needs 4 principle members), AS will match college council funding up to \$5000. Perhaps we need to get Semiformal, RPB and even RCC (for festival funding!) registered under CSI. Right now, there are no limits on how many times we can get funded that \$5000 (as long as it's within the AS funding guidelines!).

- v Banners - total cost of printing + installation comes to about \$7k. Submitted a funding request to the Provost for funding from the Revelle Parent's fund for the full amount. Expect at least half of it to be funded. Printing takes 7 - 10 days. Working with bookstore and graphics studios to approve and finalize artwork. Asking graphics studios to update banners slightly to match the new specs. They're estimating about 3-4 hours more to make the changes (15 minutes per banner) and I'm asking them to make major updates to one of the banners to feature Roger Revelle more prominently.

- [Jaclyn Storey]

- v Media committee still meeting to discuss legislation. Will be taking a different turn away from sponsorships and review board. Looking into talking with media orgs to work with them.

E. **Speaker of the Assembly** [Erika Morgan]

F. **Director of Communications** [Jennifer Uren]

G. **Class Representatives**

- **Sophomore Class Representative** [Charlie Chai]

- **Freshman Class Representative** [Diana Laranang]

- v Freshman Council Event - expanding visibility campaign, Friday of Week 10.

- **Freshman Class Representative** [Mike Yamane]

- v Week 8 for Random Seating - novelty ice cream as an incentive.

- v Plaza Survey is being reviewed in Dining.

H. **Commuter Representative** [Liann Page]

 - Material must describe sexual material in a patently offensive way
 - Must lack any scientific, political, artistic content/value
