VII. Reports

- A. **President [Colin Opp]**
 - AS Constitution amendments
 - Changes will be made effective TBD
 - ❖ aiming for mid-Winter quarter
 - Article IV, Section 1, 2
 - ❖ Changing the infrastructure of AS, by creating an executive branch, judicial branch, and legislative branch
 - ❖ No group can exercise power over another outside of how it is outlined in the constitution.
 - a. Mimicking checks and balances
 - Article VI
 - ❖ Describes the changes being made to the infrastructure
 - ❖ President will be ex-officio of the Senate
 - a. Not mandatory, but a privilege
 - Article VIII
 - ❖ Five campus-wide senators reduced from eight
 - ❖ Two senators from the freshman class reduced from three
 - ❖ Addition of: Two off campus senators elected
 - a. One out of state senator elected
 - b. One international senator elected
 - c. However, some conflicts in voting
 - i. Out of state students should only be voting for out of state
 - 1. Is there a reason for having an out-of-state senator?

ii. Likewise for international

1. Maybe international senator should be appointed?
2. One international senator is not enough

- Section 3

- ❖ Changing the term in dates of senators from Friday of Week 10 to Wednesday of Week 8 in Spring Quarter
 - a. Change was made initially to align with other UCs
 - b. The change caused a lot of trouble in AS due to members terming in and then going on summer vacation
 - c. Another issue is AVP appointment, which occurs at week 5, and therefore AS can't interview properly.

- Section 9

- ❖ If AS passed legislation not in favor of students, if they have 10% of students to vote against, they can remove it.

- Article 8

- ❖ Reflects the changes in infrastructure

- Article 10

- ❖ Changes the wording to reflect changes in infrastructure

- Financial Controller

- ❖ The exec branch can veto legislative branch with $\frac{3}{4}$ vote; the executive branch includes a non-elected student (financial controller), giving them a lot of power over student body concerns.

 - C. 12:0:2 Passes
- IV. **Announcements:**
- V. **Public Input and Introduction**
 - A. AS Vice President of Campus Affairs
 - B. CAB Chair Dominik
 - CAB update
 - ❖ 2 successful major events so far
 - ❖ lost some attendance
 - C. Basel - enjoys attending meetings
 - D. Provost Paul Yu
 - Introduction
 - Talked about his history at UCSD
 - UCSD has grown huge, and we've expanded a lot since '83.
 - ❖ Our population has grown, and it has to.
 - ❖ However, we've also lost some things in this expansion.
 - Revelle now honors faculty and students
 - Campus Maintenance:
 - ❖ Beautifying the campus is important; although it seems like a waste of money, we need it for our own happiness.
 - Themed Housing:
 - ❖ We're interested in it, in order to keep Revelle inclusive and comfortable
 - a. RASA, African Americans, and LGBT
 - b. We have a lot of housing, but we don't have enough apartment space for these students, which creates a problem
 - c. We would need to renovate, which would take a lot of time; but it's going to happen
 - d. At least four years out before we break ground on any new buildings
 - Admittance Rates and Housing
 - ❖ 2:1 New freshman to every transfer student; a UC President

mandate

- a. Part of a California “master plan”
- b. UC system was told to accept 10,000 more students (including transfer) over all campuses
- c. For Revelle College, that would be ~166 more students

❖ Housing

- a. We’ve historically always taken in students from other colleges
- b. However, now we’ve been turning away our own students
- c. Our rooms have all been converted to triples, which we were told was temporary, but this is our third year as such now.

E. Claire - UCEN Presentation

● UCAB

❖ University Center Advisory Board

- a. provides student input on UCEN budget
- b. They cut unnecessary services

❖ 85% voting members are students

❖ UCEN Fee

- a. \$90.50 per student/per quarter
- b. Will increase by 2.9% every year to account for CPI
- c. This is still the lowest of all UCs
- d. We have a good balance of this fee and retail fees
- e. 26% of our revenue comes from vendors
- f. 5% from room reservations
- g. 2% from the school

❖ Breakdown

- a. Most of it goes to operations of University Centers and debt services
- b. A lot of money goes to universal expenses (like toilet paper), programs (i.e. Loft shows), reserve contributions, administration (paying salaries), marketing, salary savings, no reserve contribution

❖ Reserve Scenarios

- a. We have a \$2mil emergency reserve
- b. The rest (2.7 mil) to replacement

❖ Last year’s referendum

- a. Made up for our projected deficit

❖ Last year overview

- a. allocated space to VRC
- b. got starbucks to come in
- c. recommended Porter’s pub RFP
- d. Renewed retail contracts

❖ Master Space Agreement

❖ Upcoming Retail contract renewals

❖ New Pub Vendor

❖ Space allocation for next year

 - AS Constitution changes
 - ❖ Presentation by AS President, AVP of College Affairs
 - a. Financial Controller shouldn't have veto power, due to appointment
 - i. They can only veto in certain situations
 - b. Off Campus, International, and Out of State appointed by a senate committee each fall
 - i. In the system, Out of State students and International Students are viewed as the same; a student is either a California resident, or not.
 - ii. The authority of these senators will be determined during Standing Rules
 - iii. Council remark: We have more to gain than we have to lose by having both an out of state and international rep
 - c. Much of the changes were interpreting existing language
 - d. Council and Senate must meet at least once per quarter, once in particular for financial meeting
 - e. We are not obligated to vote tonight; it's preferred we go over things carefully
 - f. Huge volume of big changes to the constitution over the last few years are due to the desire to reflect the needs and wishes of the student body at that time
 - i. In this change, we want to have a more checks and balances type of organization

- ii. Beneficial because it makes the lines of duties for each position very clear (AVPs and Senators), you have more an incentive to advocate on a different scale
- iii. This change was made after discussion with other college presidents in the UC system, for whom this structure was successful

- F. **Election Committee [Vacant]**
- If you're interested, and not running for a position next year, you can apply!
- VII. **Reports**
- A. **President [Colin Opp]**
- AS Constitution Changes
 - ❖ Article IV
 - a. Separating the AVPs into the executive branch headed by the president
 - b. Financial controller is not elected, it is appointed
 - i. Appointment based on ability in financial field
 - ❖ Article VI
 - a. Changes the Cabinet into the Council
 - b. President shall sign a Memorandum of Understanding (MOU)
 - c. After president regains ability to discharge powers and duties, he/she may in writing relieve the VP of campus affairs
 - d. Section 5
 - i. Veto Power
 1. Granted only to elected officials, financial controller can only vote in the case of budget or pulling funds from mandated reserves, at which point a veto will require a $\frac{3}{4}$ vote.
 2. Officers may not veto any override by the Senate
 - ❖ Article VII
 - a. Explains the senate, and changes the composition of Senate
 - b. Two elected senators per college (twelve total), elected by respective colleges; five senators elected by UCSD; five academic senators elected by students of their department; two appointed senators from freshman; *one transfer senator appointed and one transfer senator elected; two off-campus senators elected; one out of state senator appointed, one international senator appointed*
 - c. Officers (AVPs and President and financial controller) are ex-officio members of the Senate
 - ❖ Article VII
 - a. Elections will be eighth week of Spring Quarter; this will be after college elections and gives new college senators the option to learn from older members
 - b. Speaker of the Senate shall not be a voting member of Senate

- c. AS Council and Senate must meet at least once together once per quarter; summer budget can only be approved during a joint meeting
 - i. *This doesn't relieve any of the tension that the division between AS Council and Senate*
- ❖ Article VIII
 - a. AS Council
 - i. Officers, AVPs, and other boards, committees appointed
- ❖ RCC Reflection of AS Changes
 - a. The most important part of AS is allocating student fees (\$3.2 million)
 - i. These changes don't help with these allocations
 - ii. Budget meetings shouldn't be dealt with by both AS Council and Senate due to the conflict of interest
 - iii. AVPs don't really need to be in attendance for these meetings
 - iv. A lot of the budget doesn't really change that significantly
 - v. Doesn't address the issue with efficiency and visibility
 - vi. Senators and AVPs don't have easy communication anymore
 - vii. Doesn't address the fact that AVPs currently dominate meetings
 - 1. Senators are often overshadowed and that hurts their constituents
 - viii. Ex-officio members are mandated to sit in senate meetings
 - ix. Weight is still heavy on the appointed positions, rather than redistributing power properly to elected positions
 - x. Could have addressed the issue by eliminating AVPs from budget meetings
 - 1. It's a conflict of interest to have a significant influence on your budget
 - 2. Did the exact opposite
 - b. The split between AS Council and Senate places a heavy burden on certain members in terms of time and work;
 - c. 90% of budget is done outside of council
 - i. Financial controller meets with different organizations receiving funding and then meshes it all together
 - ii. AVPs don't need to be present for that
- ❖ Move to table indefinitely the AS Constitution
 - a. Second
 - b. 15:0:2 Tabled indefinitely
- In addition to out of state students potentially losing need-based financial aid
 - ❖ This is soon-to-be implemented
- A new, seventh college may be established
 - ❖ Muir parking lot will be the new home of sixth college, while the seventh college will be where sixth college
 - a. UCSD's initial goal was the establishment of 12 total colleges, one every 10 years
 - b. The final population goal will be about 30,000 undergraduates
 - ❖ A new parking structure will likely be established to make up for the loss
 - ❖ There is no definitive time frame
 - a. 5-10 years
 - ❖ We can recommend that a new structure is made, then the establishment

of a new college

- First and second years will no longer be able to purchase parking passes
 - ❖ If proof can be given for those who *need* cars, passes will be given
 - ❖ Specifics are not decided yet
 - ❖ Couldn't this be detrimental to students who have off-campus jobs
- Impending population bump
 - ❖ There will be more lecture halls added to accommodate for the new students
- Division I
 - ❖ Kenneth Groves coming to meeting next week!
 - ❖ 3 year transition period: \$6 increase, then next year \$55 increase, and year after that \$45.
 - a. Increase only after being accepted into Big West conference.
 - b. 29% return to aid, and 71% to accommodate for NCAA regulations
 - ❖ Would go into effect within three years

- C. **Associated Students Revelle College Senators**
 - [Austin Roddick]
 - ❖ Nothing to report.
 - [Roger O'Neill]
 - ❖ Health and Wellness
 - a. Ties into media funding
 - b. AS neglects to fund media organizations
 - i. some of which are pursuing funds through legal methods
 - c. Could have been used to justify getting rid of media funding
 - d. Purpose is to help students keep aware and in track of their health
- D. **Director of Administration [Keerit Kohli]**
 - Nothing to report.
- E. **Vice President of External [Billy Nguyen]**
 - Jackets and polos are in!

Meeting #18

- I. **Call to Order:** 5:06pm
- II. **Roll Call**
PRESENT: Nic Maroun (RPB Chair), Brody, Roger, Natalee, Chad, Maggie, Stacy, James, Evan, Andrej, Sabrina, Austin, Alexis, Daniel, Erin, Kasey, Isabel, Sarah, Monica, Christian, Jeremy, Jennifer, Steven, Colin, Billy
EXCUSED: Melissa, Antony, Jan, Cheryl
UNEXCUSED: Keerit, Steve,
- III. **Approval of Minutes**
 - A. Move to approve
 - B. 2nd
 - C. 11:0:2 Passes
- IV. **Announcements:**
 - A. Senior Associate Athletics Director Ken Gross
 - AS is currently considering move to Division 1 for our athletic departments
 - History of Athletics
 - ❖ We moved to NCAA in '81; made up of three divisions
 - ❖ We were consistently been a top 5 school in division 1; but we've had scheduling conflict with finding other games to play
 - ❖ So we moved to D2;
 - a. We offered \$500 to any athlete that made any of our teams, democratic distribution
 - b. Currently our students must maintain a 2.6 in order to maintain their scholarships
 - ❖ However, we're not really aligned with schools similar to us in our current division
 - ❖ To move to D1: we need to be ready to offer \$1.5 mil in academic scholarships, we need an invitation to join a D1 Conference
 - ❖ We've been talking with the Big West conference for the last 3-4 years, which is made up of UCs and Hawai'i schools
 - a. However, they won't offer us an invitation until they know we're committed to move to D1
 - ❖ This means nothing for UCSD and football; football doesn't really do much for us
 - a. It's too expensive, and we'd need to give up funding for other men's sports in order to maintain a balance between spending on men's and women's teams
 - What the move means for UCSD (personal perspective)
 - ❖ Admissions: Our athletes do not come in as athletes, they're competitive students
 - a. They maintain above the school's overall average GPA
 - b. We're trying to model ourselves after Stanford; they're succeeding both academically and athletically

- ❖ What does this mean for usage of our facilities?
 - a. Practice time and number of games would stay the same; our use of existing facilities wouldn't change
 - b. D1 has more academic requirements than D2
 - i. If they can't maintain a certain academic standard, they can lose their scholarships, etc.
- ❖ What it means for the university?
 - a. This move is obviously about the athletic program
 - b. However, we know that no matter what happens with this, we'll still be very successful considering our current progress
 - c. This is something that will enhance our students' experiences outside of academics
 - d. Culture of excellence: a move to D1 will help us achieve an overall culture of excellence by aligning us with like institution (size, scope, research-wise); we will receive some recognition
 - e. Gives us a greater sense of pride
 - f. 5-10 years of us going D1, it's almost certain we'll get more people coming back and donating to our library and other campuses resources just because of the improvement in our brand name
 - g. The Cost:
 - i. \$160 per quarter per student
 - 1. Some goes to return to aid, where does the rest go?
 - a. Majority goes to scholarships
 - b. \$1.5 million in scholarships is the required, but we will be providing slightly above that
 - c. We fully fund our "core" sports, and we're committed to funding partially other sports
 - d. Some of the money will also be used to hire new staff that is required
 - e. Our Asst. coaches are all part time, non benefits, but we would change that
 - ii. Currently we have the 3rd lowest cost of living on campus in terms of all UCs, these price increases won't change that status. We will still be third lowest
 - iii. While it's a lot of money going to a small population, the value of it will be returned to us

• Questions and Answers

- ❖ Very few sports require full scholarships for students who play; many sports have a limit to how many scholarships they can give to students with the money they're allotted
- ❖ 600 student athletes currently; we currently have 5 D1 sports: MW water polo, fencing, and men's volleyball
- ❖ Does UCSD want more visibility in terms of athletics, and how do we hope it will affect enrollment?
 - a. We're hoping to increase yield and retention rates
 - b. Will athletics put pressure on admissions to get better athletes with poorer grades/below our usual average?
 - i. No. We have very strict internal parameters, there is very little interaction between the two. So many safeguards are currently in place to prevent this.
 - ii. We take academics seriously in athletic department.

- ❖ How will the typical student benefit from this in a concrete sense?
 - a. It will help more than just the typical student; it will extend to alumni
 - b. It acts as a connector for people
 - c. It creates a different environment: introduces people to a typical college experience, and improves it
 - d. It's a very nuanced answer, but best he can give; there's no way to quantify it
- ❖ How we're going to keep our students at a certain athletic level:
 - a. The scholarships will put us over the top, beyond what we currently offer
- ❖ What happens if the referendum passes, and we don't receive an invitation, and the fees are being collected?
 - a. No fees are collected until after the invitation is extended; the whole thing is made null and void, if within two years, there is no invitation
- ❖ Our last attempted referendum:
 - a. A huge failure, the economy was in shambles, the tuition hikes, and our operation and timing had no chance
 - b. What makes this time different is working with Chancellor Khosla has made us much better prepared
 - c. It's up to us and the students to think beyond the expenses, and to see its value for us alumni
- ❖ Can we expect significant alumni contribution in the future after the move?
 - a. No 100% confirmation, but it's very likely
 - b. Majority of contributions come from athlete alumni
- ❖ We'll play higher caliber schools, have better caliber athletes, we'll be on television at time, we'll be on the radio, paper, more corporate partner engagement
 - a. We currently have no television time
- ❖ Once we move to D1, what are our chances of joining the Big West?
 - a. Very high, we're one of two possible choices for the 1 spot in the conference
 - i. Other choice is unknown at the time
 - ii. We feel very confident about it
 - b. We have a higher chance of playing other huge/big-time schools that get airtime on ESPN and Fox Sports, etc.

V. **Public Input and Introduction**

A. Basel

VI. **Committee Reports**

A. **Finance Committee [Steven Partida]**

- Shopping Cart Budget Part III - \$298.66
 - ❖ S&H fee increased from previously
 - ❖ Move to table indefinitely
 - a. Second
 - b. Objection
 - i. There are much cheaper options (Craigslist)
 - ii. However, we've been putting this off for a long time, and it will be in use for a long time
 - iii. Grabbing the free shopping cart by the trashcan presents a lot of legal implications (It's a Ralph's cart)
 - c. Move to call to question; table the budget indefinitely
 - i. Second
 - ii. 4:7:3
 - iii. Failed
 - ❖ Move to fund \$298.66 from GU

- a. Second
- b. Objection
 - i. They need a shopping cart. This will save a lot of time for our ROC Chairs
 - ii. However, do they need a shopping cart, specifically? And we need to be responsible about how we spend our funds. It only goes to the ROC orgs. It's not a fair use of funds.
 - 1. There are more options that are available, there are other things to be explored.
- c. Another option: not a shopping cart, there are other carts available on Costco Business Center
- d. Move to fund \$250 from internal
 - 1. Grants flexibility to ROC chairs
- ii. Second
- iii. 9:0:3 Passes

- RPB SemiFormal - \$400

- ❖ Scissor Lift Rental to decorate the ceiling
- ❖ UCSD covers scissor lift liability
- ❖ There should be certified operators in place to use it -- but not confirmed
- ❖ Move to approve \$400 from internal
 - a. Second
 - b. 12:0:2 Passes

B. Revelle Organizations Committee [Kasey Ha]

- Revelle Programming Board [Nic Maroun]

- ❖ Compliment Day celebration on Monday in the Plaza 1:30-3:30
- ❖ Friday is Revelle on Ice, \$7 per person for 2.5 hours of skating
 - a. 8:30-11pm
 - b. Tickets are partially subsidized
- ❖ Friday after that is Revelle Semi Formal at 8-11pm
 - a. If a student lives in Revelle community, they can buy tickets!
 - b. tinyurl.com/revsemiformal
 - c. We're currently selling 30 per day, and there's a total of 300
 - d. \$15 per person
 - e. Buses load at 7 in the Revelle Parking Lot

C. Rules Committee [Colin Opp]

- Vice President Administration

- ❖ Rename from Director of Admin to VP Admin
 - a. Change in name is for the sake of uniformity
 - b. VP External used to be Director of Visibility
 - c. It's a council-presiding position, not just an outside referencing position
 - d. However, change in name may limit younger members from accessing the position, for fear of lack of experience
 - i. But this can be dealt with, due to the fact anyone on exec would already be dealing with the same things
 - ii. It will make people realize the work and time commitment that the position requires
 - e. Currently other colleges have many more VP positions than we do; Marshall has 6 or 7
 - i. If Director of Admin was added to Executive, we would have 5 people total on Executive
- ❖ To allow position to be present on Exec Committee
- ❖ Exec looks over attendance, and the change helps exec stay updated more easily

- Add'l. Constitution changes

- ❖ Spelling errors
 - a. Environment JA to Environmental Justice Advocate

- ROC Co-Chair Proviso

- ❖ Was never voted on to be solidified in the constitution
- ❖ Would be non-voting members, and not required to attend council meetings
- Food Insecurity Committee Representative
 - ❖ All the college councils, AS, and GSA have this position available to them
 - ❖ Assisting food pantry and food initiative
 - ❖ Two tasks:
 - a. advise those running the food pantry
 - b. oversee food insecurity initiatives on campus
 - ❖ A general lack of access to enough food and nutritious food?
 - ❖ Partner with HDH, but not affiliated; also work with swipes for the homeless
 - ❖ Rep would attend once a month meetings
- Vice President External Tweaks
 - ❖ Designing and Purchasing Apparel no later than the first week of Welcome Week removed
 - a. Not a practical deadline, and costly
 - ❖ Name Tags removed
 - a. No longer in use, especially with the new name
 - ❖ Two Town Hall Meetings a year removed
 - a. No longer a practical requirement
- Election Packet and Candidacy Intent Form
 - ❖ A form that must be signed and turned in in person, and is not available online
 - ❖ Like an application form to join RCC
 - ❖ Not a very practical form, and should be eliminated
- Move to approve all amendments to RCC Constitution presented today
 - ❖ Second
 - ❖ 11:1:2 Passes
- Beyond changes:
 - ❖ In section 3.11 and 3.12: Fourth year and Third Year Representatives are mandated to assist the Next Step Coordinator
 - ❖ Third Year Rep also usually helps the Revelle Graduation Committee
- D. **Appointments Committee [Janani Natarajan]**
 - I will not have the information ready until meeting.
- E. **Graduation Committee [Jeremy Snyder]**
 - First meeting and moving forward
- F. **Election Committee [Vacant]**
 - Appointment of Manager
 - ❖ Move to appoint Kasey Ha as Election Manager for Revelle
 - ❖ Second
 - ❖ 9:1:2 Passes
 - Appointment of AS Election Manager
 - ❖ Application open until Monday
 - Volunteers for Election Committee:
 - ❖ Christian
 - ❖ Chad
 - ❖ If you have anyone else interested, let us know?
 - ❖ Move to appoint Christian and CHad to election committee
 - a. Selection
 - b. 11:0:1 Passes

- III. **Approval of Minutes**
 - A. Move to approve last week's minutes
 - Second
 - 13:0:2
- IV. **Announcements:**
- V. **Public Input and Introduction**
 - A. Muir College Council
 - Saying hi!
 - Brought succulents as gift
 - B. Vice Chancellor Student Affairs Q&A
 - Background: He has been VP or VC at different universities for the last 30 or so years
 - ❖ His last job was at University of Texas
 - Questions and Answers:
 - ❖ We currently have an overflow of applicants, but despite this VCSA is very focused on recruitment of students. How much of the office is dedicated to current students?
 - a. We have just less than 103,000 applicants, a record number; VCSA is focused on getting diverse applicants.
 - i. We also had a record number of SIRs. 70% of those we admit, we compete over with other universities.
 - ii. VCSA is focused on actually translating admits into a diverse student body.
 - iii. We have 2% African Americans on campus, 17% Hispanics despite 52% of high school graduates in California being Hispanic
 - iv. We're race-blind in our applications.
 - b. We have a set of staffers dedicated to current students.

- i. Welfare of students for first two years are in the hands of the colleges, but VCSA is working with them.
 - 1. Embedding mental health centers into each college
 - c. Price Center is an enormous, impressive entity
 - d. Happy to brainstorm and help students who feel neglected
- ❖ Assistant Vice Chancellor in charge of Student Retention and Success position has recently been created
 - a. OASIS and Summer Bridge, Undocumented Students, AEP, CHancellor's Associate's Scholars Program report to him
 - b. How can he help enhance student's academic success
- ❖ How can we contact you and brainstorm to speak with you?
 - a. juangonzalez@ucsd.edu; he responds within 24 hours
- ❖ What are you doing to raise student awareness of different resources on campus?
 - a.
- ❖ Class sizes are incredibly large; what are you doing to decrease class sizes?
 - a. All his office takes care of scheduling classes; he is not in charge of course sizes, curriculum, etc.
 - b. There is another man, Suresh Subramani, who takes care of that
 - i. http://chancellor.ucsd.edu/archive/qa_2011_09_suresh.html
 - c. There are only 114 classrooms on campus
 - d. Teaching and Learning Commons being established in the library; here to work with faculty, TAs, etc. to help improve quality of classes taught, and can give students help
- ❖ How are we going to recruit the most promising non-STEM students?
 - a. This is not VCSA domain; there is a faculty committee that creates criteria for admissions
 - i. In this committee, the humanities and social sciences have already taken this into consideration, in order to boost their own numbers
- ❖ Any plans on expanding or improving Summer Bridge?
 - a. Summer Bridge is designed for Pell Grant recipient, 1st generation, 4th and 5th quintile high school students
 - b. We're trying to get it to 250; the following summer we're hoping to bump to 350
 - c. It's not a summer-only program; it's designed to be an

- extended program, through the year
- d. We're trying to get these students to take math placement tests so that we can help them sooner rather than later by giving them the necessary math courses over the summer
- ❖ OASIS Office; there are math and science tutorial centers that are successful, but will there be any expansion for other subjects?
 - a. We can find this in the Teaching and Learning Commons
 - b. Supplemental Instruction (SI): individuals assigned to a faculty member,
 - c. math dept has already adopted it
- ❖ Is the office of VCSA doing anything to promote awareness of student involvement with groups on campus, or in college?
 - a. Center for Student Involvement; Dr. Emily Marx help student orgs succeed
 - b. According to surveys, we actually have high student involvement
 - c. We have 600 clubs and orgs, but colleges are the ones that are more in control over promoting involvement
 - i. They create community and belonging and then help us branch out beyond colleges
 - ii. We have huge groups of students spread out throughout campus, and that makes it difficult to attend to all in that sense
- ❖ Transfers often feel alienated; is VCSA office doing anything to help orgs like ACTA integrate students
 - a. There are some ideas out on the table
 - b. Transfers bring a lot of assets with them and we need to focus on them
- ❖ How are we going to increase the appeal of UCSD for underrepresented students?
 - a. We put together a group of minority faculty to find out why students don't accept our admissions?
 - i. Academic fit
 - ii. Campus culture
 - iii. Financial aid
 - 1. We are trying to raise money to give out more scholarships; UCLA and Cal have been at this for more time than we have, so they have an edge
 - b. Triton Day; we need faculty to be more receptive to the needs of students
 - i. phone calls, one to one interaction
 - ii. We need to spread the message that we are a friendly campus; we are considered unfriendly

due to past, controversial events

- ❖ Are there any resources on campus to assist student parents?
 - a. There are people that are focused on this particular group, and other groups that need special attention
 - b. For our neediest students
 - c. 70% on financial aid; 48% on Pell Grants
 - i. but this doesn't mean financial stress is diminished
 - d. We need to teach students financial literacy.
 - e. How many students are prohibited from registering for classes because they can't pay their dues? excess of 700
 - i. Fiscal stress is harmful to academic success
- ❖ Have you seen the numbers for minorities increase since Summer Bridge and Oasis were started?
 - a. They have been here for 38 years; they are successful
 - i. Students involved do well academically
- ❖ Of 70% on financial aid, how many are out of state?
 - a. He will respond via email.
 - b. Our financial aid has been restricted from out of state students.
 - i. This includes poor, out of state students.
- ❖ How will you help students graduate within 4 years? And are there any resources to help students who will take longer than 4 years, outside of summer school.
 - a. Dean Pisano, Dean of Engineering,
 - b. We are currently trying to reduce minimum units to graduate
 - c. We need a computer system to measure graduation rates of students (will hopefully be available next quarter or sometime soon)
 - i. We need to be less passive, and take a step in to intervene with students who may be taking too long
 - ii. How do we elevate our advising systems?
 1. Check if students are on track. Why are they not? How can we help?
 2. We need to reach out.
- ❖ If D1 passes, how do you see it affecting VCSA office?
 - a. It will elevate our branding, connection to alumni and local community, and improve student experience.
 - b. Turn more attention to the athletic department.
- ❖ Are there any specific initiatives to help international students with academic issues. Currently international students have most of the academic integrity issues.
 - a. international student numbers have increased dramatically.

- b. 45% of our grad students are also international students.
 - c. International center hasn't been able to increase staff to match the dramatic increase.
- ❖ What are you most looking forward to for next year?
- ❖ Is there any move to increase staffing for next year to accommodate for increase in students
 - a. Apparently, we aren't expecting more budget to help with more students.
 - b. VCSA will still be preparing budgets for it, and will be fighting for more.
- ❖ Will current out of state students be grandfathered into financial aid
 - a. If students already have the Pell Grant, then they're safe.
 - b. Other sources will be diminishing for them.
- ❖ Native American presence on campus is at .25%, in addition to all the other dismal population sizes.
 - a. It's all about communication.
 - i. Sociology Department used this to call admitted Sociology students to convince them to SIR.
 - b. VCSA visiting Costa Mesa, Oakland, SF, Inland Empire to persuade students to join
 - c. We have only \$3.2 million to distribute in scholarships
 - i. What we need are more donations.
 - d. Triton Day has an 85% ROI for students; we need to focus on this too!
- ❖ Plenty of classes are only offered once a year; and this keeps certain students from graduating in a certain period of time.
- ❖ Where does financial aid go?
 - a. To help expand
- ❖ Do you have plans to make tuition and student fees more transparent?
 - a. These numbers are sent to plenty of people; it's surprising that it's not more clear to students and more available.
- ❖ out of state financial aid: student fee for out of state students return to aid:
 - a. not from student fees, from office of the president
 - b. the money that comes from return to aid is still open to everyone
- ❖ summer bridge: workshop from erc provost, campus climate, large increase in international students and the respective effect of campus climate (racial)
 - a. vcsa comments on racial climate. no comment b/c non attendance
 - b. vcsa does not believe international students harms

- campus climate, helps diversity and culture
 - i. how we manage students not one and the same, need different styles of attending
- ❖ What specific services are in place to help with international students?
 - a. Services are in place and transparent, but staffing is just not there.
 - b. We simply don't have the bandwidth to manage all of them.
- ❖ It is unwise to admit more students without expanding staff, classrooms, rooms, etc. This makes it more competitive for students on an academic level and make the student experience worse.
 - a. We're being much more managed by politics; we're less influenced by academics and student welfare
 - b. We're being forced to take another 10,000 students
 - c. If we build buildings, we won't get help from the state to pay for it.
 - d. Only 7% of state budget comes to the UC System.
 - e. But, there's nothing VCSA can do.
 - f. We have a huge voice/influence in how our institution is run. Our struggle is having it be heard.
 - g. We need tot take it upon ourself
- ❖ A lot of recruitment seems focused on LA and Bay Area, while Central Valley is largely neglected. We don't have a diverse sample of California.
- ❖ Are we accepting such huge numbers international students for their tuition fees? Are we going to just accept more of them in order to get more financial aid money from their tuitions.
 - a. They do pay more, but they do carry a financial burden.
 - b. Citizens of California have been paying for this school for decades.
 - c. International students have not been.
 - d. VCSA doesn't believe we accept them for tuition. We have a global initiative.
 - i. We are spending more money to get students from many different countries.
- ❖ Is there ever a plan to reinstate a four-year housing guarantee?
 - a. There is a plan, but it is more of an aspiration. It's very unlikely.

VI. Committee Reports

A. Finance Committee [Steven Partida]

Student Health Advocates -

- ❖ ZZs Equals Degrees
 - a. Aimed to help students adopt healthier sleeping habits
 - i. Making emoji pillows, handing out brochures, there will be a nap-in.

- b. Sixth Denied funding, they're speaking to Warren and ERC
 - c. Requesting 91.08, but Revelle only funds \$75 to non-Revelle students
 - d. AS would not fund because they're not able to fund mental health events because it is not allocated till the next year
 - e. If they don't get their full funding, they're just going to hand out brochures.
- ❖ Move to table for a week
 - a. Second
 - b. Objection
 - i. The event is for week 10, we can table for another week.
 - ii. Operating funds are available to fund the remainder of the event. This is a timely event. If they purchase these items, they need to fill out a TAP, which requires 21 days to be processed. It's not possible for them.
 - iii. It's unlikely that they will be fully funded, so we would be funding a not fully conceived idea.
 - iv. SHA is a capable group of students.
 - c. Motion retracted.
- ❖ Move to fund 151.72 from special projects
 - a. Second
 - b. Objection
 - i. If we fund this, we're showing support to an important cause. Mental health is a vital issue on campus, and we need to show that we care. This will help publicize the Student Health system at UCSD.
 - ii. The event itself is too expensive. Only $\frac{1}{6}$ of students who benefit from the event will be from Revelle, while we would be paying for $\frac{1}{3}$ of the event.
 - c. Call to Question
 - i. 7:5:2
 - ii. Motion fails.
- ❖ Move to fund \$75 from Special Projects
 - a. Second
 - b. 11:0:3 Passes

 - ❖ Mandeville Auditorium, Six performances total
 - a. It's not a solely Muir production. Students from all colleges participate.
 - ❖ Move to fund \$200 from Special Projects
 - a. Second
 - b. Objection
 - c. It's not fair to fund such a big amount of money on this production, when we put such a small amount in our previous budget.
 - d. Call to Question
 - i. Objection
 - 1. Second
 - 2. 13:1:1
 - 3. Passes

● **HDH [Andrej Pervan]**

- ❖ Add toilet seat cover dispensers to apartments
 - a. A pilot program
- ❖ Meal Plan Update
 - a. Changing names
 - b. Increases were passed as well
 - c. Apartment meal plan increased by 100
 - d. Triton Lite went from 3225 to 3285
 - e. Triton Select staying at 3900
 - f. Middle plan will be significantly increased
- ❖ Room Rates - Still in contention
 - a. Increasing cost of singles by about \$100
 - b. Doubles decreasing by about \$37
 - c. This is happening just to decrease cost of living in a double, because more people live in doubles on campus
 - d. People who are living in a single for reasons other than personal choice will be allowed to get help from Financial Aid Office for paying for the additional cost
 - e. Straw Poll shows approval for housing increases is 17:0:4
 - f. We are still more affordable housing-wise than the other UCs
 - g. In council argument: We should be increasing all peoples' housing fees by some amount, because not all people can afford this, and 1/3 of the people living in Keeling apartments have to live in singles; additionally we are having lots of across the board fee increases this year
 - i. However, having a single is a luxury; we need to consider that people benefit from a single, and it shouldn't be a problem to charge them a little bit more for that
 - ii. Financial aid office takes schoolwide fee increases into account when creating financial aid packages
- ❖ Ideas shot down by HDH
 - a. Keeping Goodys open until 1am; would increase tuition by \$29 per student
 - i. OVT will be open anyways as part of a 24-hour pilot program
 - b. Breakfast at 64; \$20 per student increase
 - i. Would 64 have to be renovated or changed somehow in order to serve breakfast?
 - ii. They would just need to pay for staffing

- iii. 64 is in deficit every day, and the market is what makes up for the deficit
- iv. The likelihood
- c. Weekend brunch at the Bistro; \$18 per student increase
 - i. This isn't as efficient a use of money as there isn't school-wide accessibility for it
- d. Straw poll: No Bistro:No Goodys:No 64 Breakfast
 - i. 11:9:3
- e. New straw poll:
 - i. Yes breakfast at 64: 8

SFAC [Chad Mackie]

- ❖ Environmental Initiatives
 - a. Thinking about smaller projects?
 - i. Surf racks to the SIO shuttles
 - ii. A little fitness area on campus
 - iii. Benches with solar chargers on them
 - 1. Currently they're in shady areas, which is counterproductive; can they be moved?
