Pawee

Vivian

The Peer Advisors decided to play a game of Spyfall for the Peer Review this quarter! We welcomed Pawee into the peer advising team as she has worked hard behind the scenes this year. We didn't keep score but all our spies played a great game at hiding, asking questions, and guessing the correct locations! We played about seven rounds full of questions and answers, trying to snuff out the spy. We all had a great time answering questions and getting to know one another. You can play Spyfall here: <https://www.spyfall.app/>
