VI. **Committee Reports**

- A. **Finance Committee [Colin Opp]**
  - Move to new business
- B. **Revelle Organizations Committee [Francesca Lazzaro]**
  - Thank you to everyone who came to the mixer!
  - ROC wants to have a HUGE collaboration
  - Want to revamp Get the Dirt
  - Three day event highlighting every org in Revelle, including RCC, Jboard
  - Ex: Go find CAB Cochairs at \_\_\_\_\_
  - Collect quarter sheets
  - Turn in quarter sheets on Friday
  - If you have all nine, get to win a grand prize
  - If you don't have all nine, you can still win something at raffle
  - Can still get quarter sheets on Friday too
  - Culminating in a raffle on Friday to give away cool prizes  
Planning for Week 1 (in lieu of "Get the Scoop")
  - RCC should be a station too, just like with get the dirt
  - Dane has 30% off party city
  - Jboard would be on board too
  - Hum tutoring program interested in participating
  - Atiyeh can make a budget for giveaways
  - Friday event about 2-4pm?
  - Maybe people can come to RCC meeting instead
  - Org and council buddies?

Atiyeh and ROC Chair will organize

C. **Rules Committee [Soren Nelson]**

- ROC wanted status as Ex-Officio to be a trial period for a year
- ROC wanted both co-chairs to be able to sit on council
  - Rules Committee saw benefits and drawbacks to having both co-chairs
  - If both people come, council becomes more than 50 people
  - Don't have specific language yet
  - Not a constructive thing to have a lot of people coming
  - One person can represent the views well enough
- Previous language: they get to pick the person per org
- If this does go through, ex-officio members should also come to retreat
- Why did they want both co-chairs?
  - Not familiar with Robert's Rules
  - Wouldn't be fair if both of them wanted to go to the meeting but couldn't
  - If one person forgets something, the other can fill it in
  - Checks and balances
  - Suggestion: "at most, 2 representatives"?
  - Suggestion: one cochair can come, but either one can come?
  - Suggestion: if they want two cochairs, they should be held to attendance standard
  - Strawpoll:
    - a. Okay with 2 cochairs: keep it at 1: still thinking about it
    - b. 3: 20: 2
  - If there are budgets, could make meetings very long
  - Biggest issue is efficiency of meeting
    - a. But both might not be talking
    - b. Shouldn't limit to one person if they want both
    - c. Tell them Robert's Rules how if someone already says something, shouldn't repeat it
    - d. Want to be inclusive
    - e. Orgs want to have a presence
  - Don't want this to turn into AS
  - 18 additional people: a lot of additional work
  - Would be more comfortable if they were here so we could talk about it
  - Soren will go into ROC on Monday to speak with them
  - Not just during their reports, but during other reports, more people voicing more opinions can take very long
  - Maybe we can go into ROC meetings
  - We can't include everybody because of time, space, efficiency
  - Thought that RCC allowing only 1 person is another hierarchy
  - We already have someone going to ROC meetings: ROC Chair
  - Soren already has a lot of feedback on what to take to ROC
  - We shouldn't make assumptions to what ROC would feel
  - Move to close the speakers list with additions
    - a. 2nd
  - Co-chairs wanted both because intimidation factor
  - 1 representative creates closer bond
    - a. 2 people-> might not get as close to RCC
    - b. Easier to get closer to RCC if one member
  - Will they be happier coming to our meetings or to have us going to their committee
  - Have a small committee supporting Francesca to go to ROC meetings?
  - Add another ROC Chair?
- Move to table language until ROC orgs come in
  - 2nd
  - Object
    - a. Orgs should come in so we can ask them directly why they want what they want
    - b. Trust Soren and Francesca to relay the information
    - c. Soren and Francesca with 10 people will give them more ability to speak freely about what they want
  - Motion withdrawn
- Move to close the speakers list with new additions

Object  
Withdraw objection  
2nd  
11:0:1

- Having them show up and talk to us will make meeting a lot longer
- Move to table amendment for 1 week  
2nd  
15:0:1

- Amendment to the RCC Constitution, Article II, Section 1.14
- Amendment to the RCC Bylaws, Article II, Section 3.22

- Updates from ROC Meeting/Input from Co-Chairs
- Melina said if RCC really wants there to be visibility, they'll let all the co-chairs be on council
- Soren and Francesca told why it might be hard to have both chairs on council If ROC chairs interested in both coming to council, should be held to the same attendance standard
- Will meet with them again on Monday and offer it to them
- We can reserve B and C Conference Rooms
- We can reinvent language to say all org members must come to a minimum amount of meetings per quarter
- Previously, committee members didn't have to come

- Potential for the same thing to happen with orgs
- Public input already priority
- Want to feel on the same level as RCC

Take that into consideration  
Both sides making a sacrifice
- Want RCC to be more present at their events  
Change something within RCC?  
Require us to go to a certain number of their events?  
We should feel obligation to go to their events and attend their events  
Want stable relationship between RCC and ROC
- If we could create another path for us to create a relationship with each other
- Not about how much meeting time it takes
- How can we be more accountable towards them
- Doing work together
- Committees meeting up before actual meeting (ROC can come then?)
- Communication, collaboration, compromise
- They have to also be willing to meet us in the middle for us to gain a connection

Transition committee making legislation saying that AS Senators terming out Week 5

Just miscommunication

Jason wants to be AS Speaker

- AS Speaker directs meeting
- Excellent idea

Week 2 is voting week, if vote doesn't happen this week, it'll happen next week

If it doesn't happen, have to stay an extra week until the revote works out

Word of mouth is best way to go about

Can't go over spending limit in order to maintain integrity

Elections manager has no power over spending limit

Can open unofficial polling stations

- Groups not part of elections committee
- Lots of slates do that
- Slates not allowed to promote themselves

- d. Just bring their laptop, walk away, person votes
- e. As long as no candidate looking over the screen it's okay
- f. In order to increase voter turnout, slates can set up unofficial voting stations

Hum buttons

Rough budget

500 buttons

Thinking about increasing size of button

Price about \$160 with shipping for 500 buttons

Still have button design from last year

Since we're thinking of changing up the design every year

Does anyone want to submit a design?

Imaging, wording, etc

Decide next week

Last year was \$100 more expensive because we had to do rush shipping

We give buttons to TAs for Hum 5 classes

Turn in exam, get a button

Buy them in bulk so you have a ton for the next few years?

Stamp them with the year so it becomes a collectible

Strawpoll:

a. New design: buy in bulk and keep design

b. 8:9

c. If you have designs send them anyways to Billy and we can talk about them next meeting
