  - **SFAC [Arbi Leka]**
    - ❖ Art Power
      - Runs at a loss every year due to undercutting local theatres by hosting them both on and off campus and charging students \$5 to \$9 while public pays around \$30 to \$50
        - Running at a loss is typical of a performance based organization, programs on other UCs also run in the same fashion with only breaking even or at a loss
      - Reaches two thousand students a year, with said student population making up a third of the total audience
        - Students only make up about 5-10% of the audience on other campus' programs
      - No indication of further funding requests to SFAC this year
    - ❖ Grad Division
      - Was granted funding from SFAC for a Graduate Case Manager for students of concern, but still in the process of filling that newly created position as well as another open position
      - No indication of further funding requests to SFAC this year
    - ❖ Case Management Services
      - Have three case managers for a yearly demand of 1200 cases
        - Other job duties include training faculty and staff as mandated reporters
        - Have to be able to manage cases about family problems, mental and physical health, hospitals, financial and basic needs, etc
      - No indication of further funding requests to SFAC this year
        - Despite this, the case managers in the Grad Division will help with this load so hopefully there is no need, however the chance that this is the case is slim
    - ❖ Office of Student Conduct

- Have just moved offices but are still covered with staff as most student conduct violations are low priority and handled at a lower level with RA/HAs, CSOs, Deans, and so on.
- Requests may include funding for more furniture to create a space for the students within the new office to work and also an isolated hearing space for incidents that reach OSD
- ❖ **CARE @ SARC**
  - Due to larger student population and last year's incidents in Greek Life, the peer educator group that works with GL may need more staff as well as an increase in educational material/requisite seminars for incoming and continuing members
  - No indication of further funding requests to SFAC this year
- ❖ **Student Legal Services**
  - Legal advice on all matters besides taxes
    - Requires too much commitment and specifics to be able to help a large pool of students in a timely manner
  - Funding requests:
    - Extend Immigration Services through helping more international students with legal representation, getting a non-student visa, or assistance with Occupational Practice Training (ISPO cannot assist)
    - Tax Services by helping with students starting businesses and startups by dedicating more time to file articles of incorporations and setting up bylaws for the company
- ❖ **Units that we will be touring tomorrow:**
  - Study Abroad
  - Center for Student Involvement
  - Student Life Business Office
  - University Events Office
- ❖ Funding requests were due 12/01/19 (Sunday that just passed) and those will be released to SFAC members and reviewed over the course of the break
- **UCAB [Reilly Cannon]**
- **WCSAB [Kim Lim]**
- **RFAB [Bassel Hatoum]**
