- ❖ y'all i went to UCLA buffet as some of you may know and... let me share with you:

- ❖ i forreal almost cried eating the soft serve it was so good and the fact that the plates are ACTUAL PLATES. Also as you can see they had actual veggies which here at UCSD we barely have and i found many non fried options which again i feel like we don't have much at ucسد. I am advocating for us to have a buffet

- **Basic Needs Advocate [Emma Luppi]**

- ❖ Housing Fair presented by our Off-Campus Housing office and Peer Educator Team will be on Wednesday May 24 at Library Walk from 12-3pm. This is a great opportunity for students to learn talk to property managers, meet potential roommates, and get connected with more resources to support students with the journey of finding off-campus housing

❖ **For RCC**

- Would there be interest, as a council to hold an information session about Basic Needs on campus, how they operate, how to reach them etc.? (this could either for just RCC or for the Revelle Community as a whole)
- CCs around campus like Marshall are opening their own mini pantries (we could offer menstrual products here too) for their individual colleges. If this is something that RCC is interested in pursuing, funding would come from UCSD Basic Needs, via the innovation fund that gives out money upon filling out an application and appointment for purposes such as these

VIII. New Business

- A. Discussion Item: New AS Funding Guide
 - What about groups that spend most of their money in the first few weeks
 - Pro-tier system (how many members)
 -
- B. Discussion Item: [Allocation of \\$250,000.00 from AS Mandated Reserves for the Expansion of Enterprises](#)
 - Replacing sustainability resource center
 - ❖ Wouldn't be visible (should be using money towards visibility)
 - Renovate both places instead if it's molding and ceiling is breaking down, not fair to give them a place with safety hazards
 - SRC was shut down because they needed pro-staff and they were told last minute, not because they decided (given an unreasonable deadline)
 - Combining with bookstore?
 - Since they are already decided to move in, the money should be going to updating the place they were originally
 - If argument is visibility, then SRC is no longer visible
 - WHO decided they were going to move in? Is this preliminary or not official?
 - Make it known that SRC is going to be moved
 - Since funding goes towards AS, is there a way for AS to give back to SRC
- C. Discussion Item: [Election System Renewal for Associated Students](#)
 - eBallot
 - ❖ Works better per year even though more expensive in the long run
 - Current
 - Qualtrics
 - ❖ Why can't we do ranked voting? If this is possible, this would be ideal

Some can describe his situation as a punishment with an impossible task or focus on Sisyphus to describe his strength for his continuous effort on the task. Specific to Revelle students: other colleges view the Humanities requirement as tough but Revellians come out of the program knowing how to write papers regardless of major
 - Response from Lyon: good message but text is from HUM 5 and sometimes not even covered in most classes. Playing with a new idea ...

- **EDI Advocate [Golsa Rahbari]**
 - ❖ A question maybe dean sherry can answer, I wanted to know if there is any way for Revelle to speak on or create support events about the Palestine-Israel conflict since I feel like there hasn't been any support in part of the university as a whole. I felt this same lack of support last year when as a first year student I had to push through my classes while everything unfolded in Iran.
 - I was there for part of the senate meeting last night and like Hannah and Maddie mentioned earlier in their report the students for justice for Palestine spoke one by one and it was very moving. It made me feel guilty to know that we as representatives of our student population stay silent and don't uphold the university to 1) educate on issues around the world, and 2) to properly support the entire student population. I ask each of you to make sure you support both Palestinian and Israeli students, and make sure to not be a bystander if you see hate towards either of the communities. We all earned our ability to be a student here at UCSD and we need to make an environment that is fair to all students.
 - Lastly I wanted to thank Maddie and Hannah for being amazing.
- **Basic Needs Advocate [Emma Luppi]**

VIII. New Business

A. **Discussion Item:** RCC Statement on Israel/Palestine Conflict

- Suggestions:
 - ❖ Just supporting students in statement, how we can offer support student as a student government
 - ❖ Obligation to say we're supporting students, won't stand for harassment, etc
 - ❖ See what AS says and see if we want to endorse what AS says, wait for things to cool down until we release something
 - ❖ Statement shows that student are caring, not just executives in power
 - ❖ Offer solutions in a way- were here for you and how, act on what we say
 - ❖ Support circles for students/affinity spaces, community is needed and spaces to learn and share
 - a. Research where they can be provided and share that with students
 - b. Not RCC facilitating that - collaborating with admin
 - ❖ No spaces for students to go to, create space specific for Revelle students
 - ❖ Separate ourselves from AS statements
 - ❖ Not Revelle or admin facilitating spaces, potentially ombuds/CAPS liaisons and bringing that into Revelle
 - ❖ RCC shouldn't be getting involved right now, do something eventually
 - ❖ Concern over bringing target to student with affinity spaces, etc
 - a. Potentially online spaces where anonymity is more possible
 - b. In person spaces could go differently than intended- people expressing personal opinions rather than being a safe space
 - ❖ Online form where people can share stories, ask for consent to share, and then put those out anonymously so people feel heard and seen
 - a. Question of what stories and biases are being shared
 - ❖ Asking affected groups what support they want

As campus continues to undergo a period of unprecedented expansion in support of our students' living, learning, and working environments, we want to ensure that students' voices, ideas and experiences are taken into account while we plan future student facilities and programs.

We're kicking this endeavor off by way of a student-majority "charrette" – on Nov. 16 from 5 - 6:30pm or 7-8:30pm in the Price Center East Ballroom – during which students will be invited to share their insights with a team of architects and planners so that future projects reflect the evolving needs of UC San Diego's students and community members. Free food will be provided.

 - Produce distribution, free food, live music, tabling from many basic needs stakeholders
 - ❖ Now onto the hot chisme on campus about...Parking! 🚗
 - ❖ Problem: Folks concerned about the removal of S parking spots. Removal has, per the feedback we've received, not been paired with adequate communication regarding the intention behind the change AND the increased feasibility of the spots which are otherwise far less convenient at East Campus.
 - ❖ Response by UCSD Transportation: Changes to allocation changes - lots of construction going on, tried to look at recalibration for faculty and the traffic on campus, did see more need - pulled the number of permits and parking sales for each area and looked at areas available, also looked at needs for Commuters. When the TDLLN (aka theater district) parking structure opens it will add 12% more spaces to the campus parking inventory.
 - ❖ That's all from me, please let me know any concerns or questions you want to ask about housing or dining and I'll report them to the ✨ jefe ✨

- **EDI Advocate [Golsa Rahbari]**

- ❖ Last last Friday I had my Academic Senate on EDI meeting
 - We covered a scholarship program for professors at UCSD to get paid time off to do research, and tomorrow we will be having another meeting to choose the people although I #don't get a vote it's still cool
 - We also talked about Qualcomm and reviewed their progress over the past 5 years and how they can present their projects and initiatives better. We talked about how Qualcomm has a lot of initiatives towards improving diversity and inclusion, but they're not as good about marketing these initiatives so a lot of times they get overlooked.
 - It was also my first meeting with everyone so I was a little confused about everything and didn't catch half of the things:)
- ❖ If you passed my budget, thank you so much 🍷🍷🍷
 - I will be having a meeting with the AVP of EDI tomorrow to finalize the budget for catering and then request the tap form
 - I will need volunteers for the event so I will be making sheets, but I will also be contacting Revforce for them to help too. Shifts will include set-up, making sure people check in, handing out food, handing out the goods, working on a raffle towards the end of the event, and finally cleaning up.
- ❖ A person named Oleg Loughed reached out to me over email. He said he found my email on the UCSD website, I have no idea how so if you know let me know. He is the executive director of Overcoming Odds, which you can learn more about [here](#). He is interested in hosting a 90 minute workshop to reshape the power of personal and professional narratives. Basically empowering the individual. He said there's a \$1,500 budget per workshop, so I'm thinking about setting up a zoom with him if possible to see what exactly he's talking about, why Revelle College, and also how he found me. Let me know if you know about this program or received an email too.
- ❖ Finally, if anyone has any ideas or initiatives let me know, I want to collaborate with other college councils and use the fund to promote cultural events so if there's any you haven't seen or would like to see more of please HIT ME UP

- **EDI Advocate [Golsa Rahbari]**
 - ❖ I had a meeting with Oleg, the person who reached out to me for a workshop and he was actually really cool, so I will be trying to see how we can support his idea
 - ❖ Next, I just wanted to say this as a general thing, we have a LOT of events planned for week 9, and I don't think that is fair for students because now they have to choose what event to go to. So please please plan your events in advance and make sure you bring them up to council and plan in advance so everything isn't in one week.
- **Basic Needs Advocate [Emma Luppi]**
 - ❖ **Follow up on Che Café:**
 - Food recovery network occasionally donates food to the fridges
 - There is no direct collaboration / affiliation between Che Café and Food Recovery Network / Basic Needs
 - If Che Café were to address this issue of empty fridges
 - they can apply to the innovation grant which would then give them funding in regards to food security
 - Che Café would have to apply for this grant independently
 - ❖ **Basic Needs Monthly Meeting Update:**
 - There is a Basic Needs assistance form that you can fill out
 - it can be for ANYTHING Basic Needs related, meaning food, hygiene, housing
 - over the summer there were 595 referrals, now over fall quarter this went down to 270, essentially showing that efforts are being responded to and so there is no necessity to have to reach out again
 - there has recently been a push for menstrual equality - providing menstrual products outside all of the higher usage bathrooms, and now Basic Needs has begun collaborating with HDH on this matter
 - **Charts and Data of Fall Quarter Basic Needs Interaction**
 - Triton Food Pantry is the most used Basic Needs service, with 16,604 students utilizing it, 1/3 of the students interacting with it over the fall

quarter for the first time, and the average use per person being 3x a quarter

→ on average the Triton Food Pantry hands out 18,000 meals - meaning that it is essential to keep it stocked as so many of those that are part of the UCSD community utilize it

→ data shows that the most interaction with Basic Needs comes from BIPOC students and international students (that can evidently also fall into the BIPOC category) -

→ international students do not have access to CalFresh and so often face hardship when adjusting to the housing and food costs of San Diego and the United States overall

→ by the Food Network Recovery program 10,700 meals have been recovered this past year

- **CalFresh:**

→ students are able to directly apply to CalFresh

→ there is the opportunity to have direct contact to speaking with county workers in regards to application status or about CalFresh in general

→ the maximum award for a student applying to CalFresh on their own is \$291 a month

→ approximately 800 students reached out and applied for CalFresh over the fall quarter

→ the *Live Well on Wheels* was CalFresh's most popular event - it allowed students to apply to CalFresh in that moment and it was found that a higher percentage of freshman and sophomore students applied because of the tabling

- **Budget:**

→ talks of a new budget increase (petition) because of needs increase that has occurred recently

→ there was major housing issues this year and so Basic Needs offered a lot of off-campus housing for students, causing a lot of money

→ the majority of the budget comes from the state currently - it is finite, meaning that it will remain constant for at least the next year - no decrease

● **SHWAB Representative [Sammy Kawai]**

- ❖ At our last meeting, SHWAB voted to increase the Student Mental Health Fee by 4% to \$37.14 (currently \$35.71) for both undergrad and graduate students to take effect in Fall 2024.
 - Purpose of the fee increase is to provide professional staff within CAPS and HPS (who are funded by the fee) with cost-of-living adjustments to their salaries.
 - Benefits of the fee: Through the fee, Student Health has decreased the ratio of students per mental health provider and brought more mental health services to campus. The fee increase will allow the cluster to maintain current staffing and sustain these service improvements.
 - Next steps: SHWAB will send the recommendation for the fee increase to the Chancellor for approval.

 - The Disabled Students Alliance meets every Friday @5 PM via zoom. We are a group that connects all disability student organizations and allies to discuss building a community resource center and other high priority concerns (see below) to collectively bring up to administration. We welcome any and all students to pitch their ideas to this conversation so we can represent your voice! Students can receive updates via Slack or email by letting me know at hdn002@ucsd.edu.

- Current partners: DUSC, BBE, ELP, UCSA, GPSA, Student Veterans Center, college council representatives, various AS senators, AS Disabled Students Commission, AS Academic Affairs Office, AS AVP of Transportation & Transformation

On April 12, Associated Students senators will meet with Vice Chancellors and staff to urge them to review a map of inaccessible and unsafe areas on campus. We are hoping to get accessibility features on maps.ucsd.edu as well.
 - On April 8, I plan to meet with staff from the Cross Cultural Center to see if the disability community can use their space temporarily for a physical gathering place until we can acquire a permanent community center
 - Another meeting with Assistant Vice Chancellors and the graduate students is in progress to discuss funding for a community center staff
 - The Pilot EVT.ai Notetaker Program is going full steam ahead! We hope to collect data by the end of the quarter and assess its usefulness for next year.
 - The Revelle Emerging Leaders Program is working on a survey to understand students with disabilities' experience (OSD, website, accommodations, etc.) and understand what they would want in a physical resource center.  - ❖ The printer hasn't been working at the Sustainability Resource Center so sorry for the delay in the RA Sustainability Bulletin and I also recently took on a very big project
 - ❖ Very big project is the **Sustainability Action Plan of the Associated Students of UC San Diego**
 - I have been working closely with Senator Blackwell to implement my findings from my waste sorting program into waste management procedures AS members can follow (trickle down to college councils is the goal)
 - **Zero Waste/ Waste Sorters Pilot Program**
 - That's a link to an overview of my program
 - I am currently writing the Waste Reduction Protocols and training material for new AS members to learn about sustainability and how to make zero-waste, eco-conscious events/implant the waste reduction protocols!
 - ❖ Earth Day Event in May
 - Working with Muir College Council, SSC, AVP EJ and ASCE on putting on an Earth Day festival in May
 - ❖ Feedback on establishing a working group/action group for all sustainability/environmental justice representatives/advocates
 - Chair: Director of Energy & Waste at the Student Sustainability Collective
 - They will keep running notes, sending out meeting links, etc.
 - This would be a way to implement the WRPs, check in and have other sustainability initiatives like the compost bucket program move easily established campus wide
 - connections with muir and seventh have been made so i'd mostly be presenting this to the other college
 - Thoughts?
 - Golsa: I like this idea because every college sustainability advocate working alone is much harder than working together to make progress and setting goals. It can also become a potential set meeting for next year and a board that meets weekly/biweekly.

 - ❖ **What:** students may Swipe Out Hunger on campus by donating excess Dining Dollars to the UCSD Basic Needs Center → all donations go directly to the Basic Needs Center to be used to provide to fellow Tritons facing food insecurity

- ❖ **How:** visit this website to complete the Dining Dollar contribution online → <https://hdh-web.ucsd.edu/sso/DDContribution> (A student may contribute their Dining Dollars as long as the contribution does not place the cardholder's balance below the minimum balance for that week)
- ❖ **When:** the donation period will last from **4/8/24 - 6/8/24**
- ❖ Meeting with Basic Needs to talk about the pantry set-up + I've created the google form to send out to RAs but we will be reviewing it tomorrow before it is sent out

❖ Disability Justice

- On April 29, I met with AVC Mahaffey to discuss the funding and how students can have more of a voice in where this funding is going, particularly for a resource center, by joining the **OSD Steering Committee**. Please see Slack's previous message for notes. More meetings and info to come!
- On May 15, I am attending an **OSD Focus Group** to review their mission statement and values. I hope to represent you all and advocate for students to join their steering committee to ensure that we start steering towards a resource center. *Please let me know if there's anything you'd like me to mention regarding their mission statement and values.*
- Regarding the **EVT.ai Notetaker Program**, Ivan will be sending me the emails of professors so I can follow up with them. We have unfortunately not received any emails from professors who would be willing to try this pilot program for their class yet :(
- I am **meeting with resource centers** this week to collaborate and gain insight for how they started up their resource centers, how they get their funding, etc.
 - May 3 - Meeting with UCSF Disabled Resource Center
 - May 10 - Meeting with Women's Center
- Please help the **Revelle Emerging Leaders Program out and [complete this survey](#)** for students with disabilities' experience (OSD, website, accommodations, etc.) and understand what they would want in a physical resource center. The responses will be shared with professional staff.
PLEASE FILL THIS OUT AND SHARE WITH AS MANY PEOPLE AS POSSIBLE!

 - ❖ Launching a new program called "HearMe RCC" on May 14, 2024
 - ❖ HearMe RCC
 - HearMe RCC is designed to act as a vital link between the student body and the student government.
 - To kickstart this initiative, a pop-up booth will be set up at Revelle Anchor Lawn every Tuesday for the first three weeks.
 - At this booth, students are invited to pen down their current challenges and concerns regarding Revelle, as well as suggest potential solutions. These submissions will be collected in a ballot box, ensuring that every voice has the opportunity to be heard and considered.
 - The booth will also have some snacks, custom designed stickers and buttons
 - After the initial three-week period, we plan to transition 'HearMe RCC' into a more passive phase. A ballot box will be placed near Revelle Anchor Lawn on a weekly basis, allowing students to conveniently submit their concerns and suggestions. We are currently finalizing the logistics of this setup to ensure it is accessible and effective for gathering student input
 - Lastly, a big Thank you to Wes for all the help behind the scenes at such a short time notice
