Funded through the Revelle College Council, this program provides books for students who could not otherwise afford to purchase them. Students who are interested in participating in HBLP only have to go to the College Center located in Blake Hall with a valid UC San Diego ID. Students may borrow up to 3 books for a total of 24 hours. If you run out of time while conducting independent critical assessments, just call the College Center at (858) 534-4545 for a time extension. Keep a tragedy from happening and help other Revelle Students succeed in the Humanities sequence! Come by the College Center and donate your old books to the program.

initiative planning

D. **Vice President of Administration [Aileen Ocampo]**

- ❖ Nothing to report.

E. **Vice President of External [Vickie Nguyen]**

- ❖ Nothing to report.

F. **Associated Students Revelle College Senators [Gage Mowrey,-]**

- ❖ Rating of Senate: 4/10

- Normal session: 6/10
- First closed session: -10/10

- ❖ **SPECIAL PRESENTATION**

- [Special Presentation: "CALPIRG" Presentation in AS. Sponsored by Executive Vice President Vallejo-Avila.](#)

- Updates on the activities and future projects of CALPIRG

- [Special Presentation: Senate Stipend Reform. Sponsored By Senator Lujan.](#)

- Arguments brought up by the proposing Senator:

- Loss of Opportunity
  - ◆ Lower income students cannot afford the time and resources needed to join Senate and AS because they have to spend time on other jobs to support themselves
- Not fair or equitable pay compared to other AS positions
- Will introduce performance standards (already exists but are weakly enforced)

- Arguments brought up by the opposition:

- No research to back up claims in the proposal
- \$100 is an incredibly high increase
- This should not be a source of income and should not be the motivation to join AS

- [Special Presentation: Academic Financial Aid Senator Project. Sponsored by Senator Chang and Vice President of Academic Affairs Hwang.](#)

- Senator Project from the 7th College Senator Chang
- Third party resources for students are expensive and can deter students from participating fully because of financial barriers
- Goal of using AS funds to buy access to iClickers, Kudu, Macmillan Learning, Achieve, Pearson, Edfinity
- Survey out now to see what students want to see and what resources are highest priority

➤ Special Presentation: 2024 Salary Budget Sponsored by CFO Krishna.

- Updates from CFO Krishna on AS budgets as a response to the wage increase proposal

❖ **UNFINISHED BUSINESS**

➤ **LEGISLATIVE ACTION ITEM:** Revisions to Standing Rules (Title VII Section 4.3) Compensation Policies. Sponsored by Senator Lujan.

- My commentary I provided in Senate:
- Roughly 300 other students involved in all the college councils are unpaid and do more work than some senators, not to lay blame and say that AS as a whole is an inefficient body, but as a student who volunteered in my college council previously, I see that there are 38 other council members in Revelle who do so much good work and advocacy, this stipend is a privilege so is this role and the abuse of that is apparent, this wage increase is not representative of the work being done by the Senators currently

➤ **REJECTED:** Vote tallies not recorded on Order of Business, was roughly 7-18-4

❖ **NEW BUSINESS**

➤ **DISCUSSION ITEM:** C-Level Hiring Committees. Sponsored by CPO Chen-Eng.

- Entered a closed session from around 9:15-10:45

❖ Senate adjourned at 10:45

**L. Transfer Representatives [Alex Gilden, Elan Ortiz]**

- ❖ Nothing much to report, but I had a meeting today with HDH regarding the Sunshine market and its transformation to an Amazon-Go store. They wanted to know our feedback, there should be a survey coming out on the triton to-go app, if you have strong feelings about sunshine, dining, anything, PLEASE don't hesitate because they actually do take into account what students want.

**M. International Representative [Shriya Gupta]**

- ❖ Come out for the event "Summer-Social send off" which is right after RCC at 7:00 pm today at conference rooms. Unfortunately, we had to cancel boba orders last minute due to logistical reasons. However, we do have food. So pull up; write some affirmations as we end the year and play some board games.

- ❖ I have been working on a new program called "HearMe RCC" for weeks now. Due to a very cranked up timeline and the fact that I am graduating, I cannot execute this program this quarter. I would really really really, I mean REALLY appreciate it if anyone on the council would be interested to borrow this idea and launch it next year.
- ❖ HearMe RCC is designed to act as a vital link between the student body and the student government. To kickstart this initiative, a pop-up booth will be set up at Revelle Anchor Lawn every week for the first three weeks.
- ❖ At this booth, students are invited to pen down their current challenges and concerns regarding Revelle, as well as suggest potential solutions. These

submissions will be collected in a ballot box, ensuring that every voice has the opportunity to be heard and considered.

- ❖ The booth could also have some snacks, custom designed stickers and buttons
- ❖ After the initial three-week period, if the program is getting a good response, you can plan to transition 'HearMe RCC' into a more passive phase. A ballot box will be placed near Revelle Anchor Lawn on a weekly basis, allowing students to conveniently submit their concerns and suggestions.
- ❖ The budget is ready, sticker and button designs are made on canva - you can execute the event as it is or improvise it according to your choice. Let me know if anyone is interested and I will be more than happy to expand on it.

- **EDI Advocate [-]**
  - ❖
- **Basic Needs Advocate [Emma Luppi]**
  - ❖ Thank you all so much for filling out my form last week! We still need responses, so please send the form out to any of your Revelle friends and encourage them to fill it out!
  - ❖ Working with my Triton Pantry connections to set up the first pop-up food event → this will most likely take place at the start of next academic year because it requires a good amount of planning
  - ❖ Basic Needs has finally released the campus-wide survey! We all worked really hard on this and used several meetings just as editing time to make the form the most effective and useful possible!
  - ❖ Please, please, please fill it out! It would make a significant positive impact on our UCSD community as a whole and would really allow Triton Food Pantry to hone in on the specific needs of the UCSD community
  - ❖ The “College Call to Action- Basic Needs Survey” is split into four main sections pertaining to housing, financial, and food insecurity as well as the college call to action section. The form looks at Basic Needs through a multitude of lenses to meet the needs of students holistically.
  - ❖ **Here is the link:**  
[https://docs.google.com/forms/d/e/1FAIpQLSdD9g7qsCDw\\_I0ddLWw2FRIUOfere5mYLxVRj1vCcrVfxizg/viewform](https://docs.google.com/forms/d/e/1FAIpQLSdD9g7qsCDw_I0ddLWw2FRIUOfere5mYLxVRj1vCcrVfxizg/viewform) - the flier attached below also has a QR code that can be scanned to access the form
  - ❖ Some very useful and important information about why Basic Needs decided to launch this survey from Carmen, our program coordinator:

Through the Winter and Spring quarter, we have been meeting with the College Basic Needs Representatives to create a student led basic needs assessment that would help us grow a deeper understanding of students evolving challenges with basic needs among the college neighborhoods. While supporting the College Basic Needs Representatives of each college, we noticed a common challenge being uplifted by the Representatives not having access to student data to help direct them on how to best support their fellow peers and the desired need to assess the current need within their colleges. Representatives also uplifted challenges when it came to receiving funding for programs that would be greatly beneficial to capacity build basic needs supplemental resources to their localized college neighborhood communities.

The goal of the “College Call to Action- Basic Needs Survey” is to help College Basic Needs Representatives by learning more about the student needs of the individual colleges in order to give students the resources to hold programs specific to their college

needs. Additionally, the intention of this survey is to round out the UC Undergraduate Experience Survey (UCUES) which seeks to guide the University for the holistic improvement of the Undergraduate Experience by reporting on the quality of academic programs to the University's Academic Senate. The "College Call to Action- Basic Needs Survey" expands on this by taking a closer look at students' basic needs and the programs they are looking for to address these problems reflective of their college neighborhood experience.
